Synopsis: (U) Tuesday, Wednesday or Thursday

Was walking her dog in Pulaski Park which is close to her home around 6:30am on either Tuesday (July 31), Wednesday (Aug 1), or Thursday (Aug 2). She walked into the park from the direction of Quality where she resides, walking Northbound toward the statue located in the park. She saw a man sitting on the steps of the statue. The man was hunched over. He was wearing a black hoodie which was pulled over his face. Only the tip of his nose was showing. He was also wearing black shorts and had either a messenger bag or backpack with red trim. She stated his build was that of an adult male. She walks her dog twice a day, every day and has never seen him before. She watched him while she walked through the park and he never moved. She called the local police upon her return home but received a recording to call 911 for emergency. She said she did not call because she did not feel this was an emergency. She then learned of what happened at the Temple and wanted to report what she had seen.

Was walking her dog in Pulaski Park which is close to her home around 6:30am on either Tuesday (July 31), Wednesday (Aug 1), or Thursday (Aug 2). She walked into the park from the direction of Quality where she resides, walking Northbound toward the statue located in the park. She saw a man sitting on the steps of the statue. The man was hunched over. He was wearing a black hoodie which was pulled over his face. Only the tip of his nose was showing. He was also wearing black shorts and had either a messenger bag or backpack with red trim. She stated his build was that of an adult male. She walks her dog twice a day, every day and has never seen him before. She watched him while she walked through the park and he never moved. She called the local police upon her return home but received a recording to call 911 for emergency. She said she did not call because she did not feel this was an emergency. She then learned of what happened at the Temple and wanted to report what she had seen [redacted] (FBI - Milwaukee at FBI Milwaukee JOC) - 08/06/2012 12:33 PM CDT]

AFFIDAVIT FOR SEARCH WARRANT
(GENERAL FIREARM)

STATE OF WISCONSIN)
) ss.
MILWAUKEE COUNTY)

Affiant, being first duly sworn on oath, states as follows:

1. That affiant is a Police Detective currently assigned to the Milwaukee Police Department Intelligence Fusion Center.
2. That affiant has worked full-time as a law enforcement officer for more than 12 years.
3. That affiant knows through personal involvement in this investigation, in an official capacity, that on 08/05/2012 at about 10:25AM, a 911 police call for service was generated at The SIKH TEMPLE at 7512 S. Howell Av, in The City of Oak Creek, County of Milwaukee. The call was for shots fired at the location. At about 10:30AM, Lt. Brian MURPHY arrived at the scene. A white male wearing a white T-shirt, with gray writing, with black jeans, and black boots was armed with a handgun. Lt. MURPHY was in full uniform. The suspect pointed and fired the firearm at Lt. MURPHY. Lt. MURPHY was hit at least eight times by gunfire. PO returned fire at the suspect. The suspect was shot once in the head, and expired at the scene. Lt. MURPHY was transported to Froedtert hospital for treatment. Multiple citizens were injured and possibly killed inside the temple, but the total number could not be determined at this time.
4. A red Chevrolet Yukon, WI/399TJA was located in the parking lot at the scene, with the

b6
b7C

windows open, keys inside, and no occupants. The plate was run through Wisconsin DOT, revealing a listing to Wade M. PAGE, W/M 11/11/1971, of 3748A E. Holmes Av, in The City of Cudahy, County of Milwaukee.

5. At 2:55PM, Captain [redacted] Milwaukee Police compared a DOT photo of WADE, to the suspect, and positively identified PAGE as the suspect.
6. The affiant knows through the observations of Investigator [redacted] and Cudahy property records, that the address of 3748A E. Holmes Ave is a two-story, two family residence having a gray and black roof, gray siding with white trim. The common entry door faces South, and the numbers 3748A appear the West of the front door and face South. This residence is in the city of Cudahy and County of Milwaukee.
7. That based upon affiant's training and experience, that subjects who possess firearms often possess cartridges, holsters, additional magazines, cleaning supplies, ammunition and/or firearms in their residences.
8. That based upon affiant's training and experience, affiant knows that weapons can be secreted in any part of a residence including garages, vehicles and storage areas related to the premises and on persons located in the residence; and that the execution of a search warrant usually results in the seizure of such items associated with firearms as cartridges, holsters, additional magazines, cleaning supplies, ammunition and usually results in the recovery of personal property such as utility bills, canceled mail envelopes, bank statements, keys, photographs, videotapes, and other items or documents which establish the identities of persons in control of the premises and other items.
9. That affiant knows that the presence of firearms in the residence presents a significant risk to

b6
b7C

the safety of the officers executing the search warrant, that it is common for more than one firearm to be located in a residence and that the information presented in this affidavit forms the basis to request a no-knock warrant.

10. Based on the nature of this crime, affiant believes that premeditation and planning was involved prior to the execution of the multiple shootings. I base this assertion on the fact that the crime occurred at a religious ceremony servicing Sikh citizens and Wade is a caucasian male who was not a member of the community. I believe it probable that documents and stored electronic devices are likely present at the residence and they would demonstrate surveillance, planning and preparation for the assault as well as information related to associates or co-conspirators. I am therefore seeking permission to seize any documents and electronic storage devices on scene.
11. That affiant, based upon affiant's training and experience, seeks permission to search all persons on the premises because: a) the premises in question is a private residence and weapons and other weapon-related contraband may easily be secreted on one's person.
12. Affiant states that based on the above stated information that there is probable cause to believe that evidence of the crimes of First Degree Intentional Homicide, Attempt, 940.01, and 939.05 of the Wisconsin Statutes, is now located at the residence described above in paragraph 6, and respectfully request permission to search said residence and persons.

13. This affidavit was reviewed and approved by District Attorney John Chisholm.

[redacted] date of birth (DOB) [redacted] SSN [redacted] who resides at [redacted] Cudahy WI 53110, cellular telephone number [redacted] was interviewed outside near her residence. After being advised of the identity of the interviewing Agents and the nature of the interview, [redacted] provided the following information:

[redacted] has been living at the above address for over a year. She lives there with [redacted] who are ages [redacted]. The previous upstairs tenants moved out in early July, and [redacted] told [redacted] he found a guy who was going to move in. He said the guy had been [redacted] and was a nice quiet guy and she shouldn't have any problems with him. [redacted] lives [redacted]

[redacted] never learned the new tenant's name, but she saw him moving in. He looked like the average twenty something year old, moving his belongings by himself in bags and boxes. He was a white male, about 5'5", and kept his hair either very short or completely shaved. He wore jeans and T-shirts all the time, and was heavily tattooed. He didn't say much when she introduced herself. He was extremely quiet, even quieter than the middle age couple who used to live up there. She would hear them walking around and moving things, not that they were noisy. He was just unusually quiet for an upstairs neighbor. After a few weeks, [redacted] recalls [redacted] coming over to ask her if she had seen the new tenant around, because the guy owed him some money. She told [redacted] she had seen him, so he went upstairs and talked to the neighbor. He was up there for about a half an hour.

b6
b7C

[redacted] did not pay much attention to the neighbor, she keeps to herself and so did he. However, either yesterday or the day before, she encountered him when she was in the back yard with her dog. She saw him coming out of his apartment with two black trash bags. He was carrying them in his arms, and she remembers wondering if he was moving out again already. He put the bags in the back seat of his car. She thought he was going to leave, so she let her dog off the leash to run around the yard. But after about five or ten minutes, he returned through the back yard. Her dog ran over to him, and she apologized and tried to restrain the dog. He surprised her by being more animated than usual when he said something like "No, it's ok,

don't worry about it." That was the most he had ever spoken to her. He left the bags in the car and went back inside his apartment. The car, which was a blazer or other SUV, was parked in the back of the house with the front pointed toward the house, so she could see the bags clearly in the car. She remembers seeing the bags in the car whenever she looked out the window, for most of that day. [REDACTED] did not see the neighbor again after that, but for the last two days he was playing heavy metal music very loud, which was the first time she had heard any kind of noise at all coming from his apartment.

b6
b7C

[REDACTED] never saw any visitors or women with the neighbor. He never received any deliveries or magazines or newspapers, and she never saw any of his mail. The pizza guy came twice, that was it. She believes [REDACTED] told her the neighbor was supposed to be starting a job somewhere soon, where he would be working third shift, but since he moved in he seemed to be at the house most of the time, because his truck seemed to be parked outside eighty to ninety percent of the time.

[redacted] have been married for more than five years. They reside in a duplex at [redacted] Oak Creek, WI. The other tenants of the duplex were not home during the shooting incident that occurred at the Sikh Temple, 7512 S. Howell Ave., Oak Creek, WI.

The couple was playing computer games in the morning hours in there home that also has three dogs and a cat. At approximately 10:30 AM, the couple heard sirens and saw police and emergency vehicles arriving in the vicinity of the Temple. The couple did not hear any gun shots. Their backyard is one acre and it slopes up so you cannot see the Temple parking lot. They do not have a direct view because their garage obstructs a direct view of the Temple. The couple did not see anything suspicious on the day of the incident or in the days leading up to the incident.

The couple first knew it was a serious incident when police in tactical gear ordered them from their home at gun point. The couple said they would not leave without their pets and were allowed to take the pets to the bowling alley across the street.
